Missouri Statewide Hangar Survey – AOPA

The Airport Owners and Pilots Association (AOPA), with the assistance of the Missouri Airport Manager Association (MAMA) and the Missouri Department of Transportation (MoDOT), recently sent out a statewide hangar survey.

This survey is intended to conduct research about current supply and demand for airport hangars, as well as economic estimates and opinions about future airport development.

Two surveys were sent out - one to airport managers and sponsors, and a separate survey for pilots and tenants in the state.

If you have not completed the survey, please do so by June 20.
